

Contract Research Organization (CRO) Services (Cat# 60015)

To faster drug development speed for our clients, AbboMax provides a portfolio of preclinical and clinical development and commercial services at comparable quality in a cost-effective manner. Please email us for further discussion. A quote will be supplied when the project is under discussion.

Standard Operation Protocol:

Each standard operation protocol (SOP) will be prepared by AbboMax according to your project request prior to the initiation of a project.
